SKI AND RIDE ACADEMY LESSONS

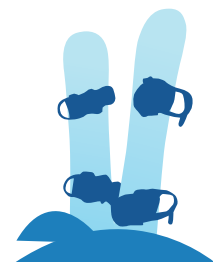

The Ski and Ride Academy will offer a 3-week program with 3 lesson times for the school to pick from. Lessons will be an hour long. Based on the preferred time the school representative requests, the Ski and Ride Academy will assign the groups their time slot. The lesson time will be communicated with the School Representative. This will allow the school's students to take lessons together and the leaders will know when their students have lessons as well as being responsible for dropping students off and picking them up at the Ski and Ride Academy. Students will only be able to attend the lesson time assigned to their school.

Our multi-week program will allow students to learn at their own pace. Students who have never been on the snow will learn the basics moving from one step to the next. Those who have some experience on the snow will be able to get a great refresher of the basics before hitting the slopes. We will have our learning area set up, so the students will interact with an instructor at each step while they learn. As students start to level up their skills our instructors will have them in groups to work with them as they progress to skiing and riding on the mountain.

- Lessons start the week of January 6, 2025
- Lesson packages include up to 2 make-up weeks.
- Lessons end the week of February 24 - February 28, 2025.
- There will be no lessons on the given holiday dates:
 - January 20, 2025
 - Week of February 17, 2025
- If a student misses their lesson and the make-up lessons, there are no refunds or exchanges.
